

Phonics Dance Word Wall Kit

Thank you for your interest in the Phonics Dance Word Wall Kit. This kit includes the letters to hang on your word wall, words 1 – 300 from the Fry List, and all of the monster words.

Common phonograms are underlined. (This gives your class the opportunity to review the onset and the rime.) Consonant clusters are underlined. Mystical Magical y is crossed out and has an / or a *long strong e* above it. Root words are bracketed. The hunks and chunks are circled. Remember: We always hunk and chunk the hunk and chunk!

You will notice that each word is coded with certain colors. This is done to help your students who do not recognize a word on the word wall. For example: If someone is trying to find the word *with* on the word wall I say, "Look at the letter w. Find the word with the pink hunk and chunk and the purple underline." If a student is having difficulty finding the word *his* I say, "Look at the letter h and find the word with the purple underline."

The monster words are coded to reinforce the way we spell them. We hang the question words (who, what, when, where, why, and which) in their own section on the word wall. If a student is trying to find the word *when* I say, "Look in the question word section of the word wall. Find the *wh* word with the blue hunk and chunk and the word *hen* underlined in pink."

You will be able to find the chants we do for all of the monster words in the word Wall section of your manual, on the Phonics Dance audio CD, and online at YouTube Phonics Dance.
